Reasons to Switch to lifepak® nano

comprehensive antioxidant, vitamin, and mineral blend with phytonutrients

new CR-6 LipoNutrients™ omega-3s, vitamins, and carotenoids

“With its balanced array of powerful nutrients and its proprietary nanotechnology delivery system, no other product comes even close to lifepak® nano. It’s an amazing product, and I’m proud to be working for a company with the integrity and dedication necessary to launch such a scientifically sound premium product.”

—Carsten Smidt,
Vice President of Global Research and Development

1 Nano CR-6 LipoNutrients
CR-6 LipoNutrients™ are created using a patent pending process that allows nutrients to be formulated for optimal absorption. CR-6 LipoNutrients™ offer a broad range of anti-aging protection with omega-3 fatty acids, vitamins, and carotenoids.

2 NanoCoQ10
Nano encapsulation allows fat-soluble nutrients like CoQ10 to be more easily absorbed by the body. NanoCoQ10™ helps produce energy at the cellular level to nutritionally support the body’s most active muscle, the heart.

3 Better Absorption & Tolerance of Minerals
Improved sources of magnesium and calcium are more easily tolerated and absorbed by the body.

4 Resveratrol Polyphenals
Resveratrol (the polyphenol to which scientists attribute the health benefits of red wine) assists in brain, heart, and anti-aging health.*

5 Omega-3 Fatty Acids
New concentrated omega-3 fatty acids help maintain normal inflammatory responses and provide other anti-aging benefits.*

6 Improved Vitamin E Formula
A new advanced and balanced vitamin E blend provides better anti-aging protection.*

7 Total Antioxidant Protection
Lifepak® nano contains more than 60 different antioxidants, including proprietary Tëgreen 97® for cell health.
